Waste Management Policy

Dominic Lydon Galway Ltd is committed to managing waste in a responsible, efficient, and environmentally sustainable manner. This policy aims to reduce waste generation, promote reuse and recycling, ensure safe disposal, and comply with all applicable environmental laws and regulations.

This policy applies to all employees, contractors, visitors, and operations of Dominic Lydon Galway including offices, production facilities, warehouses, and project sites.

Dominic Lydon Galway Ltd is committed to minimizing the environmental impact of its activities by:

- Reducing waste at the source
- Encouraging reuse and recycling
- Ensuring proper segregation, handling, storage, and disposal of waste
- Preventing pollution and environmental harm
- Continually improving waste management practices

The company recognizes the following categories of waste:

- **General Waste:** Panda Waste
- **Recyclable Waste:** Panda Waste
- **Hazardous Waste:** Enva
- **Scrap Steel:** Galway Metal

Waste is collected by approved, licensed waste contractors appropriate to each waste stream, with hazardous waste removed by authorised specialist disposal contractors.

Each waste category is monitored by weight at every collection to support accurate reporting and continuous waste reduction initiatives.
